

AIMOM NOMINEE BIO DATA FORM

1. Nominee Identifier

Full Name: *Oladiran Aisha Adeniji*

Role Nominated For: *Treasurer*

Occupation/Current Position: Nurse Practitioner/ Treasurer/AIMOM Leaders member

Phone/ Email: 763-458-4380. Barakah496@hotmail.com

2. BACKGROUND AND EXPERIENCE:

Education and Personal Background:

My foundation is built on a lifelong commitment to service and rigorous academic discipline. I hold a **Doctorate in Nursing Practice (DNP)** and currently serve our community as a **Nurse Practitioner** in an Urgent Care setting. Prior to that, I worked as a critical care bedside nurse in an emergency department and intensive care unit (ICU) departments. While my primary career is in medicine, my leadership and financial acumen are deeply rooted in my **MBA in Healthcare Administration**.

Professional Experience Relevant to Leadership:

In healthcare, there is no room for error; one must be detail-oriented, calm under pressure, and highly ethical. These are the same personal values I bring to our treasury. I am known for being approachable and easy to get along with—I believe that financial leadership should not be about gatekeeping, but about collaborating with every member to ensure our collective goals are met. With this, we have kept the community up to date with meetings and informational sessions.

With over 20 years of experience in the healthcare sector, I have navigated complex leadership roles that require balancing high-level strategy with day-to-day operations. It has placed me in numerous roles where I manage resources, lead teams, and solve complex problems in fast-paced environments.

3. SERVICE, CHARACTER AND SUITABILITY:

Community/AIMOM Service Experience:

For over 10 years, I have had the honor of serving as the Treasurer for AIMOM. Together, we have moved from simple oversight to a pivotal moment in our history: the acquisition of our new masjid/community building. Under our financial oversight, we successfully reached the critical milestone of raising **\$400, 000 for the property deposit**, a foundational step in our building acquisition. This transition marks a shift from maintaining an organization to managing a significant community asset. In addition to this, I have played several other vital roles in the development of AIMOM community.

Personal Qualities and Why Ideal for the Role:

Adaptability and Versatility: My career in Urgent Care and my over 10-year tenure with AIMOM as a treasurer show a high degree of "flexibility to adapt" to changing environments.

Resilience and Commitment: Serving in the same role for over 10 years demonstrates a rare level of social responsibility and personal drive. My willingness to stay through the "intense" building acquisition process proves that I can stay focused when times are challenging.

Ethical Integrity: In both healthcare and finance, being trustworthy and ethical is non-negotiable. As a Nurse Practitioner and long-term treasurer, I have a proven track record of handling sensitive information and large sums of money with total transparency.

Calm Under Pressure: Working in an urgent care setting requires quick, logical speed of execution. This ability to make rapid, accurate decisions is vital in treasury when managing cash flow or resolving operational incidents.

My Vision for AIMOM Future:

For over 10 years, I have had the honor of serving as AIMOM Treasurer. Together, we have moved from simple oversight to a pivotal moment in our history: the acquisition of our new masjid/community building. This transition marks a shift from maintaining an organization to managing a significant community asset.

With the increased intensity of our financial operations, I believe this is not the time for a "learning curve." Our organization requires **stability and consistency**. My goal for this term is to establish a rock-solid financial foundation for our new home—ensuring the building is

managed with transparency, fiscal discipline, and the long-term interest of the community at heart. I am committed to being the versatile, adaptable leader who ensures our finances remain healthy as we grow into this new chapter.
